Subject: RE: Dwelling Unit Survey

Hi Michele:

The conversion went from a residential to a commercial building, I did not realize you needed to know the type. Demos are 4 and dwellings are 4.

Two Family there was a building permit pulled, to date nothing built. The results are correct.

Subject: Dwelling Unit Survey

Hello Kellee. Attached is a copy of your report. I changed residential demos to reflect only the dwelling units that were demoted, so I have two questions:
1. Should the expired permits read 2 dwelling units since it was a duplex that was not built?
2. Was the conversion an addition to an existing dwelling unit, such as an in-law apartment?

Thank you so much for your help in clarifying this!
